FOR AMBASSADORS

The traditional pageantry and colour of British public life which is being restored after the necessary warrime austerity will receive a further contribution to its full revival from the decision that foreign Ambassadors going to Buckingham Palace to present their credentials to His Majesty will in future travel in a State carriage, sent for them from the Royal mews and driven by Royal coachmen wearing scarlet coats and gold-laced top hats, and they will be attended by footmen in Royal livery.

CHRISTIAN SCIENCE

CHRISTIAN SCIENCE

"Then Peter sald. Silver and gold have I none; but such as I have give I thee; in the name of Jesus christ of Nazareth rise up and walk. And he leaping up stood, awalked, and entered with them into the temple, walking, and leaping, and praising God." (Act 3:6, 8). "There is no involuntary action. The divine Mind includes all action and violation, and man in Science is governed by this Mind."

These passages illustrate the stunday Lesson-Sermon on "Mind" in all Christian Science churches.

Figures" Oul Soon

A 400-page book "Alberta Facts and Figures" will be off the press soon. The book was prepared by the Provincial Bureau of Statistics of the Department of Industries and Labour.

Increased interest in Alberta's natural resources and industrial decipoment prompted the decision to publish the book. Material contained in the publication will provide invaluable information required by industrialists, producers, and distributors. This information will aid in determining the market possibilities of certain areas for goods and services at their disposal.

"Alberta Facts and Figures" and the services are lived by watch that guy the visits he makes in his deliverable of the process of the publication will be posal.

BALANCED FARMING PRINCIPLES ADVOCATED

Application of proven balanced farming principles will result in V.L.A. farmers being able to meet their yearly mortgage payments saverage \$200. Irom profits over and above the normal income of their land, says H.R. Hare, V.L.A. Farm Management Superintendent, Ottawa. "We have 23,000 veteran-farmers under the Veterans Land Act in Canada, roughly 6000 of them in Alberta. I am convinced that with the help of provincial, dominion and university agricultural experts pilus our own individualistic service, these veterans can easily augment their net earning tamp prices," said Mr. Hare.

Farm Planning services are grow-

farm prices." said Mr. Hare.
Farm Planning services are growing rapidly in the United States.
In Missouri the production of
farmers has risen one-third in the
past 20 years as a result of a
planned balanced farming program.
Advisory services are provided by
states and in many cases are paid
for by the better farmers themselves.
"Success is seldom bigger than
the vision of success." said Mr.
Hare. He cited as the "five steps
to better farm living" the efficient
use of land, livestock, labor, capital
and the effective size of the farm.

MARGENE

An Important Announcement about

When the sale of Margarine in Canada became legal 12 months ago, MARGENE was the first brand to appear on the market.

NEW

At that time Margarine had been banned from Canada for 25 There was no way of knowing what flavour and what texture would best appeal to the Canadian palate.

In the intervening 12 months, Canada Packers has carried on week-to-week tests to find out exactly the flavour Canadians wish.

We feel we have it in the NEW MARGENE—the flavour and the texture Canadians like. If you have not tasted the NEW MARGENE try it now

> SPREAD IT on hot togst SERVE IT with hot vegetables. BAKE with it.

You will like the NEW MARGENE

50th Anniversary of I.O.D.E. in Canada

(Continued from last week)

The Provincial Chapter, LO.D.E. come of eight Provincial Chapters across Canada, will again pledge treeff "on labour loyally for the welfare of our country" as it celesirates the 50th Anniversary of the founding of the Imperial Order laughters of the Sounding of the Imperial Order laughters of the Empire on February 13 of this year.

At the same time, the Provincial Chapter of Alberta celebrates its own 30th Anniversary, organized as it was the headquarters in Calcary on May 21st, 1920, under the residency of Mrs. P.J. Nolan of that city, Mrs. Nolan was succeeded by the late Mrs. A. Wooley-Dod of Calgary later Mrs. R.C. Marshall MISE, who headed the Order in Alberta for twenty-three years, in 1925 Provincial headquarters was moved to Edmonton, its present location, and in 1948, Mrs. P.P. oriffith was elected President. In 1965, Mrs. Aurthur Mowat organized the first primary chapter in Alberta the Westward Ho Chapter in Alberta the Westward Ho Chapter in Alberta the Westward Ho Chapter in Alberta in the south, and at present increase of the present increa

Mrs. G. Kendrick.

DepCLM, NOTE—The funds from Hospital Tag Day, sponsored hyear by the Mons Chapter, used entirely for the support the hospital nursery, which is sole responsibility of this Chap of the LO.D.E.

In the next three years between \$15,000,000 and \$20,000,000 will be spent to develop the fron ore development of the position in the last tax year Canadians had \$13,000,000 in excess profits taxes and \$25,000,000 in succession duties.

corn rulp Mills Ltd., Red Deer, see erment spotesman told the situated World. Nothing definite at been decided on the Red Deer told at Last report, but Edmon, rulp and Paper has been insperated with its head office in city of Edmonton and the major and agreement with the owince drawn up and signed. We have the assurance of the presentatives who were here at a considerable quantity of the arity requirements for the operation of the mill will be bought on farmers who have marginal sub-marginal lands suitable for e growing of frees," the spokes-an stated.

Vaccination of Calves **Urged** in Municipality

Hugh McPhail, D.A.)

Hugh McPhail, D.A.)

pr. Ballantyne, Director of Vethary Services, has announced
it over 21,000 calves were vaccind in the province in 1949. This
an increase of 110 per cent over
number vaccinated in 1948.

the number vacchated in 1948.

Gver 700 were vaccinated in the Municipal Diarriet of Mountain View during 1949, but there should be a very large increase in those treated this year.

Callhood vaccination offers the jest promise of building up immune herds. When this policy is followed for a number of years great benefits should be reached by cattle breeders.

Our Department supplies the vaccine free and Veterinarians are always prepared to do the vaccinating.

cine free and Veterinarians are always prepared to do the vacednating.

That people are becoming more aware of the menace of the disease, and anxious to combat it, is shown not only by the number of calves vaccinated, but also by the number of people having their cattle blood ested. In 1948, 132-27 tests were made, in 1948, 152-27 tests were made, in 1948, blood tests from cattle on 3500 farms in 67 municipalities and improvement districts totalled 25-258.

This is the report from the M.D. of Mountain View No. 19; Number of premises Y8; number of cattle 408; positive 72; suspicious 32; negative 504. This indicates that about 11.6 per cent of those tested were definitely reactors.

Besides great losses that may be caused by loss of calf crops, humans may contact the dread disease. Undulent Fever.

Surely when immunity can be built up in herds by calfbood vaccination, more farmers should be following the practice.

Canada's six sugar beet factories produced in 1949 about 221,000,000 pounds of beet sugar for the dom-estic market.

GENERAL ELECTRIC WASHER

IN ADDITION TO THE FAMOUS ACTIVATOR, EACH G.E. WASHER HAS THESE QUALITY FEATURES:

Gleaming all white finish. Splash-proof tub. Sturdy wringer with finger-tip safety release. Self tilting drain flume. Permadrive mechanism-belts—no oiling.

TREACHEROUS DRIVING CONDITIONS AHEAD

BE WISE --- FOLLOW THESE SIX RULES FOR

SAFE DRIVING DURING MARCH WEATHER

- It's going to be icy during early morning and night hours. Get the feel of the road or highway by trying your brakes while driving slowly and when no other vehicles are near.
- Keep your windshield and win-dows clear of ice, fog and frost. Be sure your headlights, wind-shield wipers and defrosters are in good working order. See dan-ger to avoid it.
- Adjust your speed to road and weather conditions. Slow down on wet, snowy or icy roads so you can stop when you have to.
- 4. Use tire chains on ice and snow They cut breaking distance as much as 40 or 50 per cent and provide "go" traction.
- 5. When you have to stop, pump your brakes up and down—jam-ming them on may lock the wheels and throw your car into a spin or skid.
- 6. Follow other vehicles at a safe distance -- remember that it takes 3 to 12 times as far to stop on snow or ice as on dry
